Pucho Toh Sahi!

Data as of 18 Aug, 10:39 IST · live replica queries

Production has no language column on a partner and a nullable phone, so Pulse keeps a sidecar: preferred language, WhatsApp number, digest on/off and notes — without ever writing to a production table.

Data gaps (4)

Each gap names what breaks while it stays empty. Fix upstream where the column exists; fix here where it doesn't.

Partners with no language set (1)

They receive English templates — NOTIFICATIONS.md requires Gujarati for Gujarat partners.

Beta Tech Distributors

set language above ↑

The missing-data system.

Organizations missing industry or company size (1)

The firmographic prior scores them 0 of 8 PPS points — they rank lower than identical accounts with complete profiles.

Direct Signup Corp industry

fix in admin app

Plans with no credit quota (1)

The suggested-plan computation skips them — a hot lead can be pitched the wrong plan.

Enterprise

fix in billing

Workshops without a workbook link (1)

The 72-hour no-Office nudge sends a broken placeholder instead of the specific exercise.

CA & Accounting · 18 Aug

CLOSE KIT

Seven Hundred Mills

Textiles · 51-200 people · PPS 92/100 (Band A)

The usage story

In 21 days they have used **700 of 1000** free credits, across **8 Pucho Office sessions** on 8 separate days in the last fortnight (Excel and Word/PPT), working on their own documents, with 2 people in the account.

Time back

At a conservative 12 minutes saved per session, that is roughly **2 hours** already returned to the team. Ask them which of those hours they would want back if the credits stopped.

The right plan

Their burn works out to about **1K credits a month**. The smallest plan that covers that is **Starter** at ₹1,500/month (2K credits).

Urgency

At this pace the grant runs dry in about 9 days (300 credits left).

The offer

Convert within 7 days and **200 bonus credits** carry into the plan.

Action: Close within 72h — send close kit
